What is RemotePro™?

RemotePro™ is the **NEW** Growth Accelerator Program at Supercharged Fitpro™.

Time's have changed.

Standing out in a crowded market is becoming **harder** and **harder**.

You know it...

I know it.

Plus...

\$20k Per Month is the **NEW \$10k Per Month**.

And like **Charles Darwin** said, *"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is most adaptable to change."*

If you don't adapt, **you die**.

So I'm going to help you get there.

Either to your *first \$20k month*, or your *NEXT \$20k/m milestone*.

Hey Ollie! You are an absolute legend for putting this together... it's so well thought and organised. The way you speak on the videos is so clear, motivating, genuine and it forces me to LEVEL UP  in every single way. I finished chapter one on from the psycho Cybernetics and wow  Chapter 2 today

 Just wow at remote pro! I've just watched all the videos in the starting section and i'm so excited the direction and structure is exactly what i need and the kick up the arse to be honest 😊

 I've never done 'business' like this before so super excited to track things this way

 Well done Ollie this must have taken you ages - buzzing to get started with all of this

WIN

First of all, a huge congratulations to Mr and Mrs Carson on their wedding! Looks like the mailman might have misplaced my invite though @Oliver Carson . 😊

On another note, I wanted to share a big win with you all! I followed Ollie's advice and launched a photoshoot challenge. The first post didn't get much traction, but I kept sharing it and reached out to some former clients as well. The effort paid off! I've secured 10 spots at 799,- for a 90-day programme, including the shoot, starting this Monday!

This is why I've launched the **NEW** Growth Accelerator Program, **RemotePro™**.

And I'm inviting you to join our *first Case Study group*.

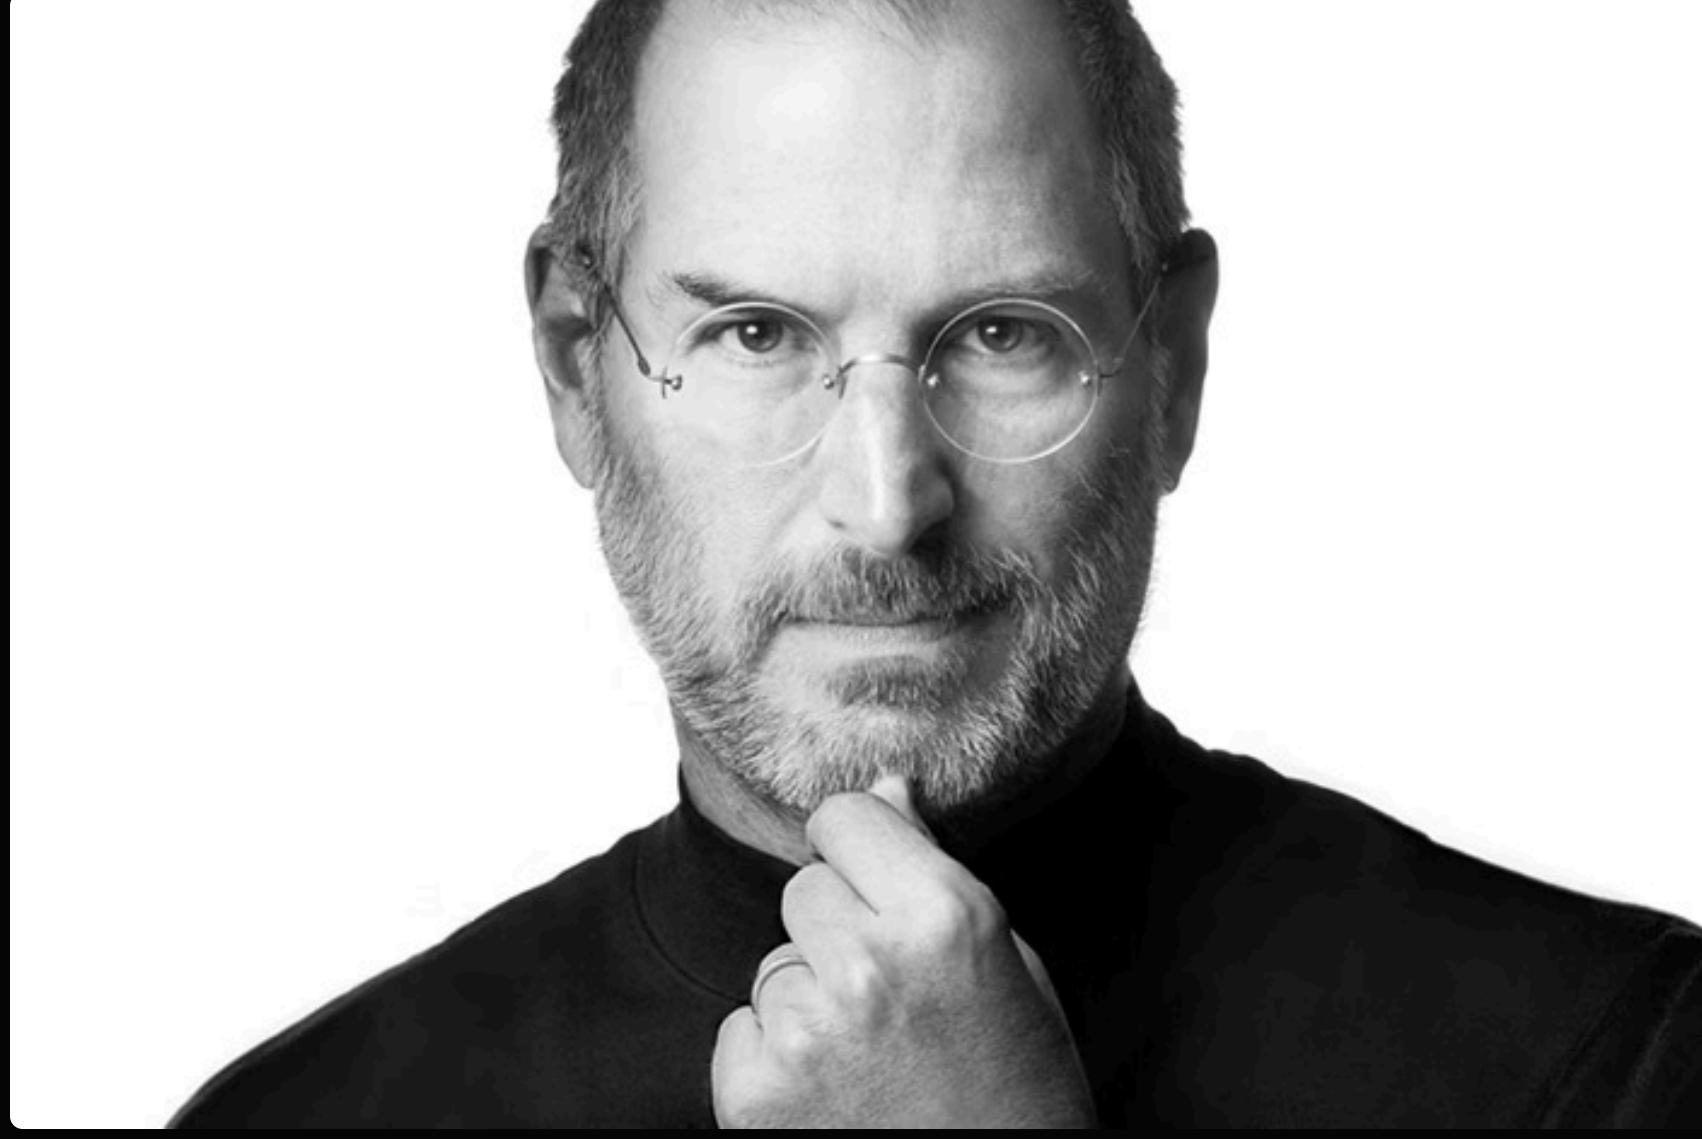

First, let's make sure **reading this** is *worth your time...*

Here's who this is for....

Who this **is** and **isn't** for...

Steve Jobs - CEO of Apple "Great things are never done by one person; they're done by a team of people"

Who this **isn't** for ✗

- My intention is to partner with my clients for **years**, not weeks. My best clients have worked with me for *over a year*. The saying "*Rome wasn't built in a day...*" is a saying for a reason.
 - If you are expecting short term miracles, **RemotePro™** isn't for you.
- Want to build a giant team? This ain't the place for you either.
- Love complex funnel building? Also, not the place for you.

Who this **is** for ✓

Freedom: you value freedom over everything else.

Money: you want a *wildly profitable* micro-coaching business which puts money in your pockets.

Model: you want a *simple, flexible* and *scalable* way to build your dream business.

Lean: you hate the idea of managing a big bloated team.

Autonomy: you hate being told what to do.

Fun: you want work to feel like play.

Simplicity: **The Client Ecosystem™** builds your business on autopilot.

Introducing your **secret weapon to success**....

Introducing Gamified Business Growth™

In **RemotePro™** we do things differently.

The average completion of online courses is 2-5%.

That clearly is not the way to guarantee success.

So in **RemotePro™** we use **Gamified Business Growth™ (GBG)** to make entrepreneurship not only fun, but to help maximise the speed of results.

Gamified Business Growth™ in RemotePro™ has 2 x levels...

MACRO LEVELS:

Work towards achieving **higher belt levels** by **increasing your monthly revenue**.

MICRO LEVELS:

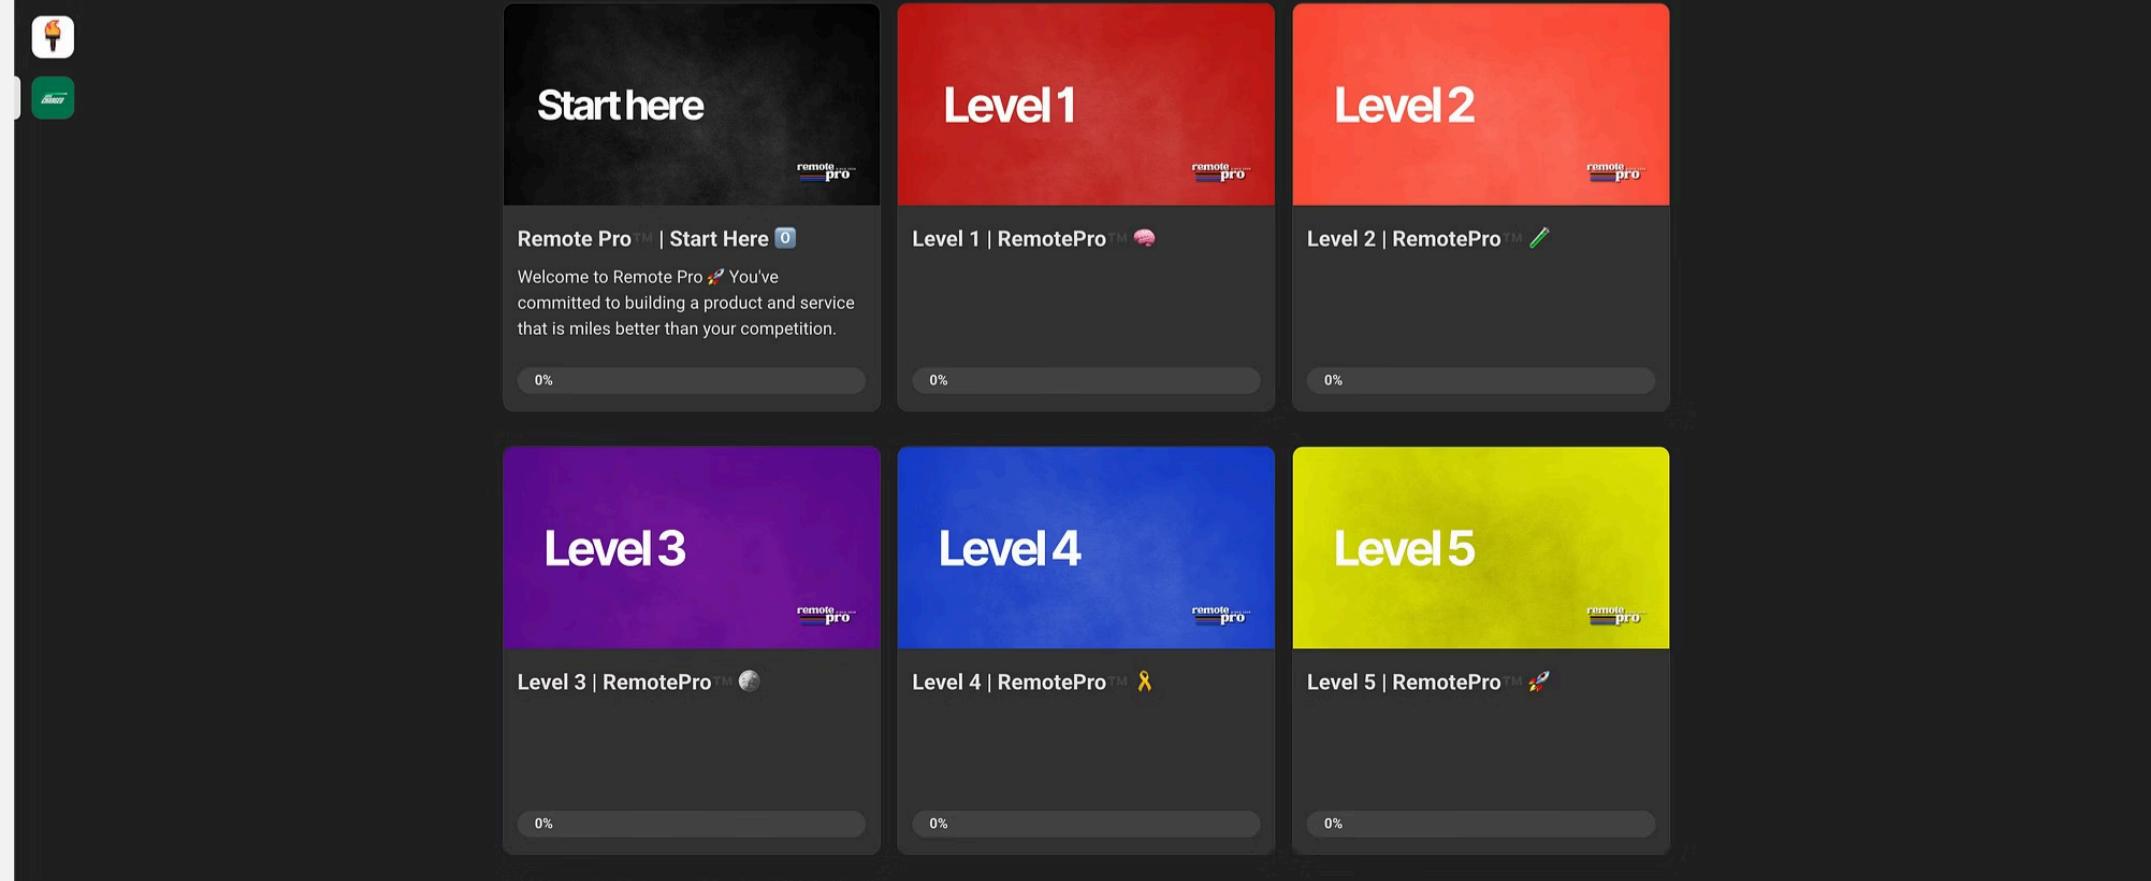

The most common causes of people NOT seeing the results they expect are because of three things:

1. Getting overwhelmed when faced with a tonne of training material all at once = **less action**
2. Skipping steps and jumping around training randomly....which leads to overwhelm = **less action**
3. Low community engagement....which leads to overwhelm = **less action**

So we have designed the growth infrastructure implementation to be **played like a game**.

To help *ensure you have done the implementation you need to see success*, and so you won't have to worry about being overwhelmed (like every other online education experience), we only let you access the next level **once you've completed the previous one**.

This is a literal game changer for **speed of results**...

Here's what we're gonna **focus on** when we work together....

What are we focussing on?

Coaches, consultants and online experts always struggle with the same **fundamental bottlenecks**:

1. Rigid or complex offer that doesn't scale
2. Getting attention and building authority
3. Converting leads to high-paying clients

Over the *next year*, we will take your business to the next level by focussing on these **three elements** of your business:

1. **Entice** - content that drives *attention* + builds *authority* which pre-sells leads on working with you
2. **Enrol** - predictably converting leads into customers and clients, eventually closing in the DMs
3. **Empower** - a results delivery system that gets clients the transformation they came for

What are the **outcomes** of *working together*?

The Outcomes? 🔑

We'll add (or Supercharge) these 3 core systems in your business so you can add an **extra \$20k per month in recurring revenue** and build a **magnetic future-proofed personal brand** that fills your pipeline with dream clients - *the secret to making work feel like play*.

1. OFFER - Your **Micro-Offer Stack™** that turns leads > customers >clients

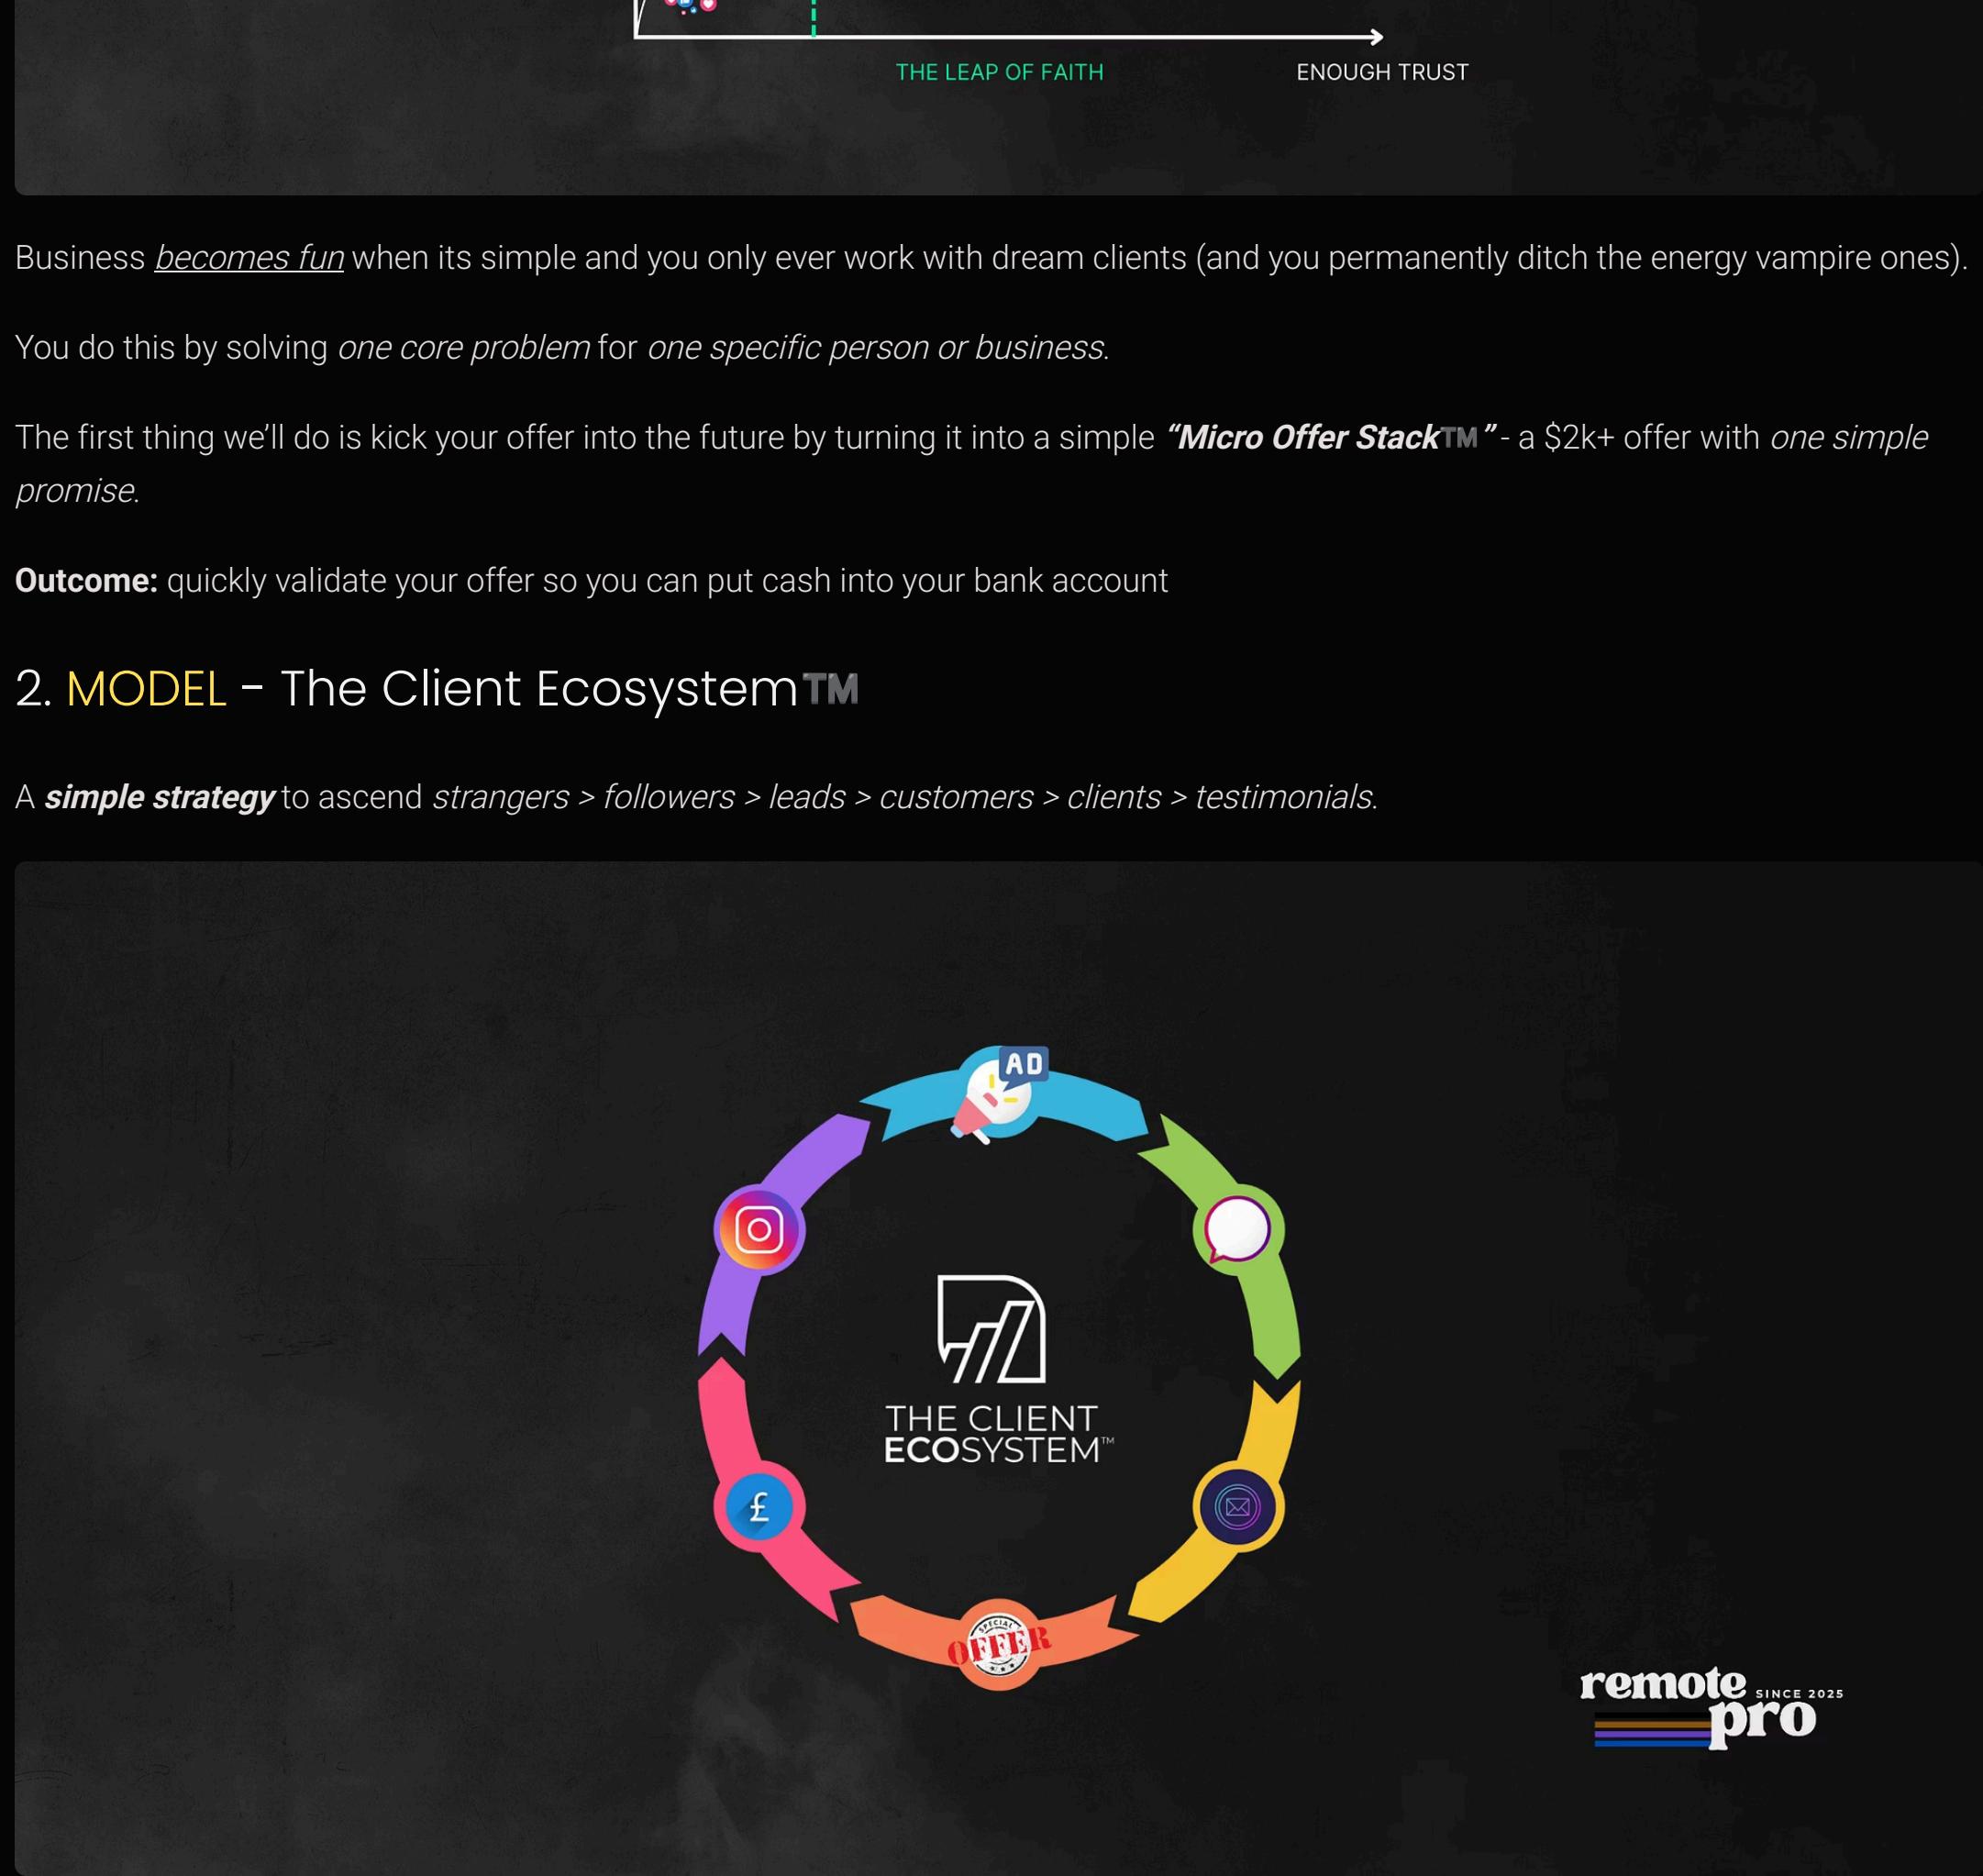

2. MODEL - The **Client Ecosystem™** - Predictably grow your audience and grow your revenue

3. LEADS - Coal For Your Contents Fire™ - **Stupidly simple** ad strategy to bring your leads daily.

If you're unfamiliar with our model - *please watch this video*:

1. OFFER - Your Micro-Offer Stack™

Business *becomes fun* when it's simple and you only ever work with dream clients (and you permanently ditch the energy vampire ones).

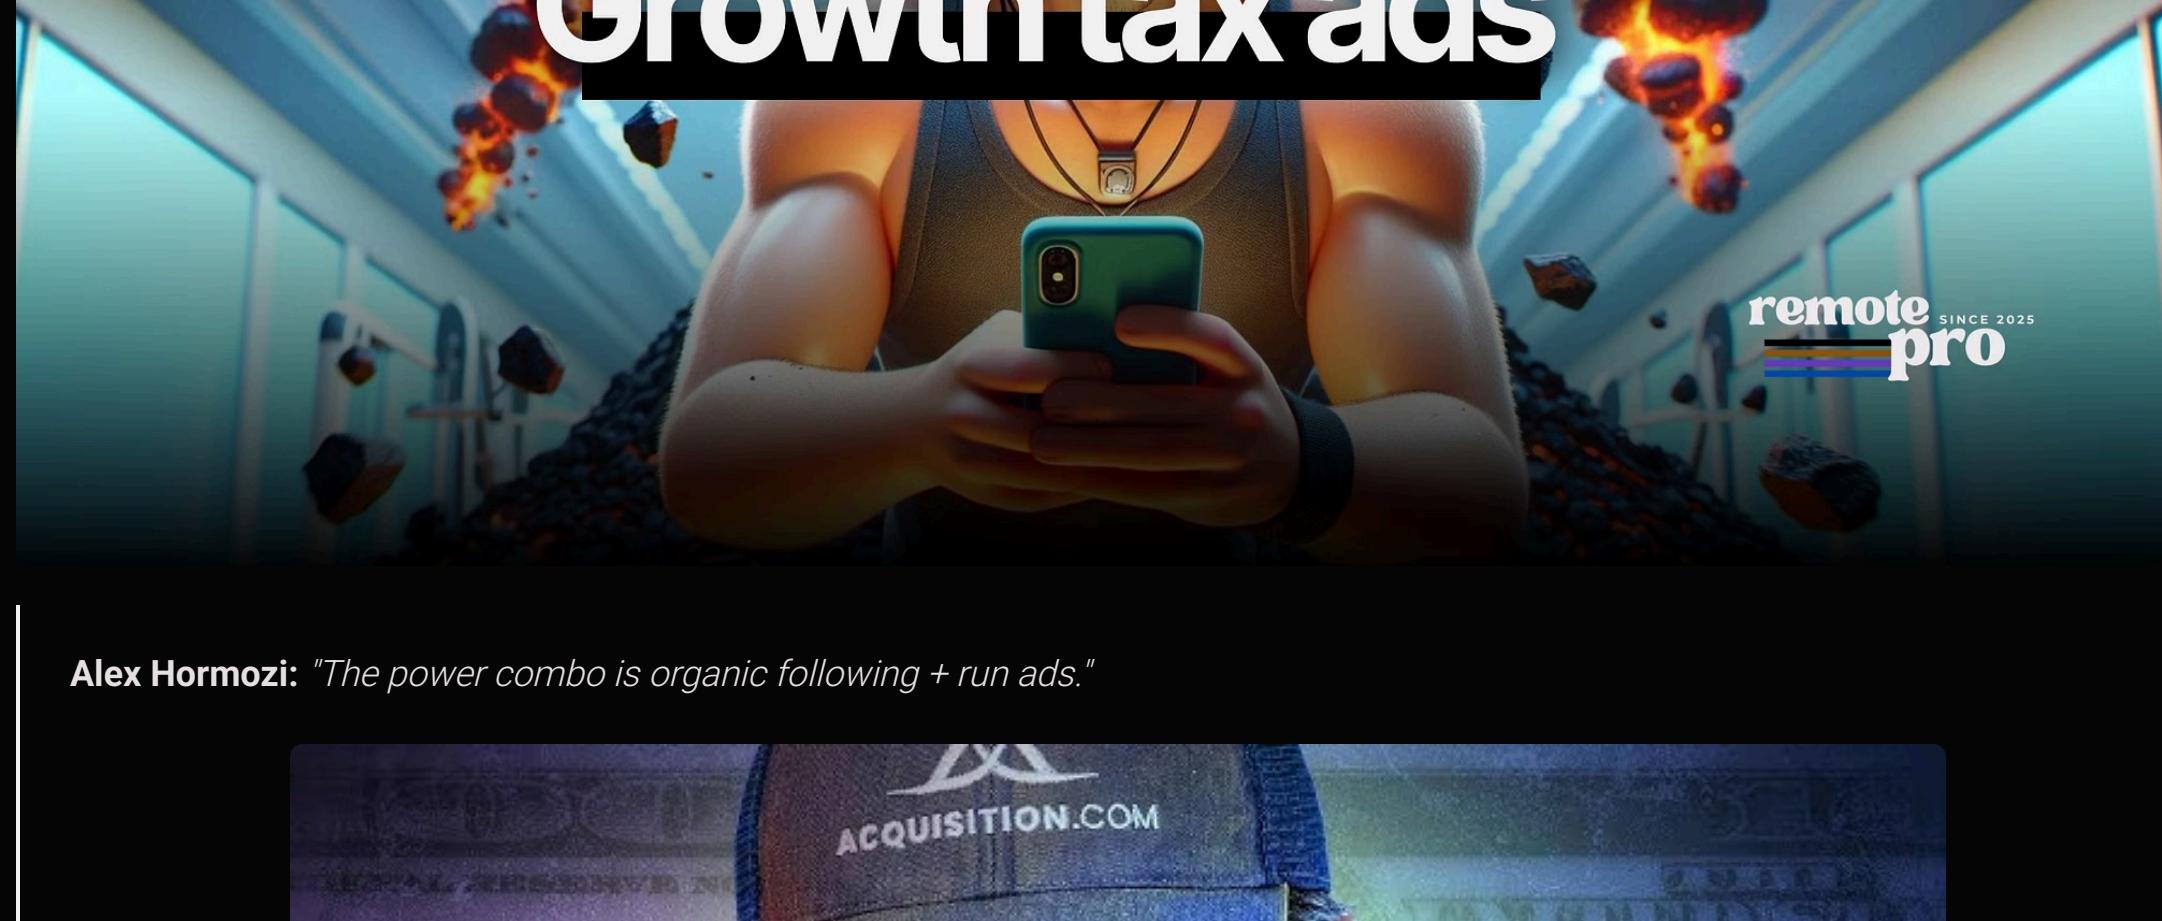

You do this by solving *one core problem* for *one specific person or business*.

The first thing we'll do is kick your offer into the future by turning it into a simple "**Micro Offer Stack™**" - a \$2k+ offer with *one simple promise*.

Outcome: quickly validate your offer so you can put cash into your bank account

2. MODEL - The Client Ecosystem™

A **simple strategy** to ascend *strangers* > *followers* > *leads* > *customers* > *clients* > *testimonials*.

We've entered a new era for high-ticket services - it revolves around one word...**trust**.

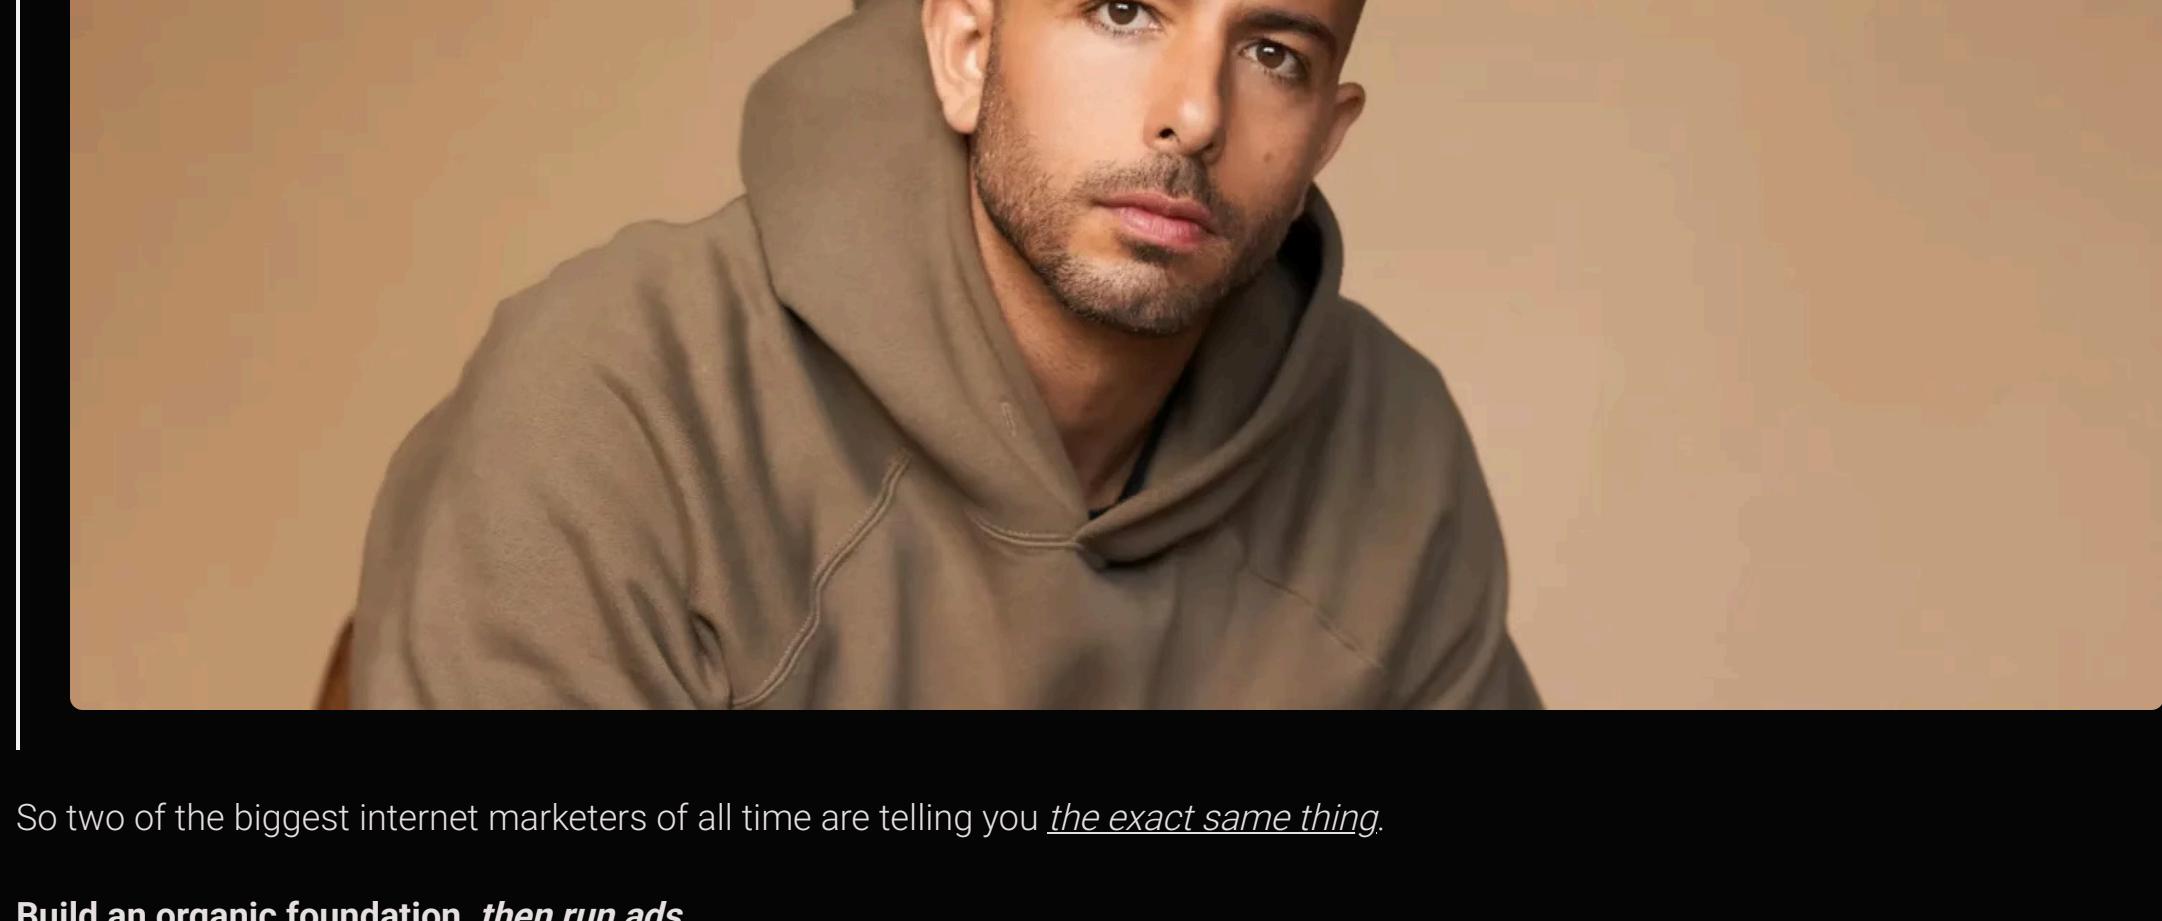

That means funnels are out and **ecosystems** are in.

Our **Client Ecosystem™ Model** is the simplest way to become a trusted authority, build an audience and pipeline of perfect-fit high-ticket clients, and give them an easy staircase to ascend into your world by pre-selling them on you, your unique mechanism and your offer.

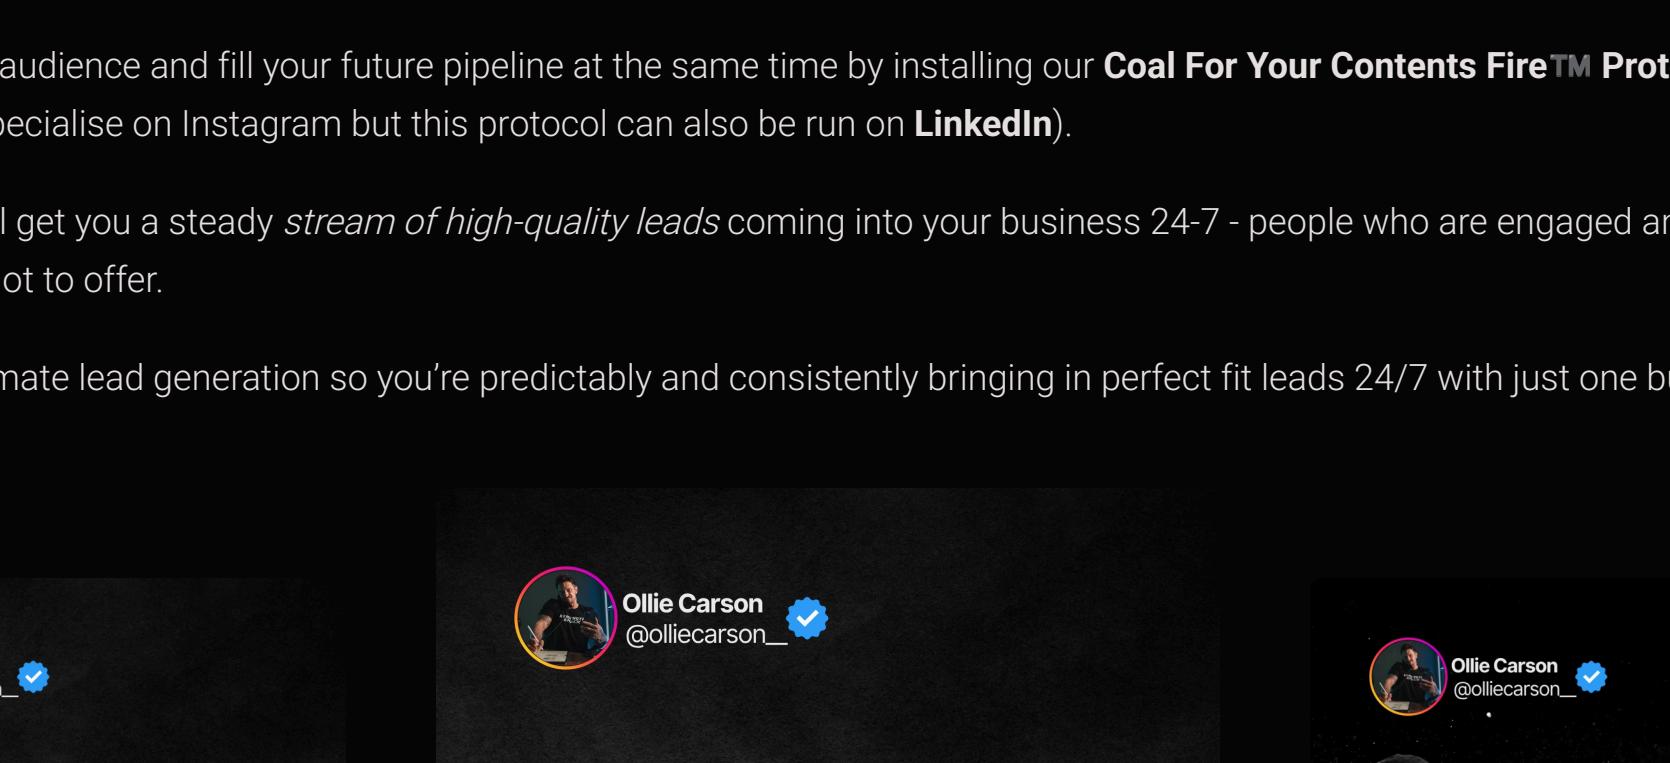

It's how I get DM messages saying: "*I'm in*" and "*How do I pay?*"

Outcome: build a predictable future-proofed "Trust Machine" that turns ENGAGED + EXCITED followers into dollars, AND compounds (get's more powerful) over time

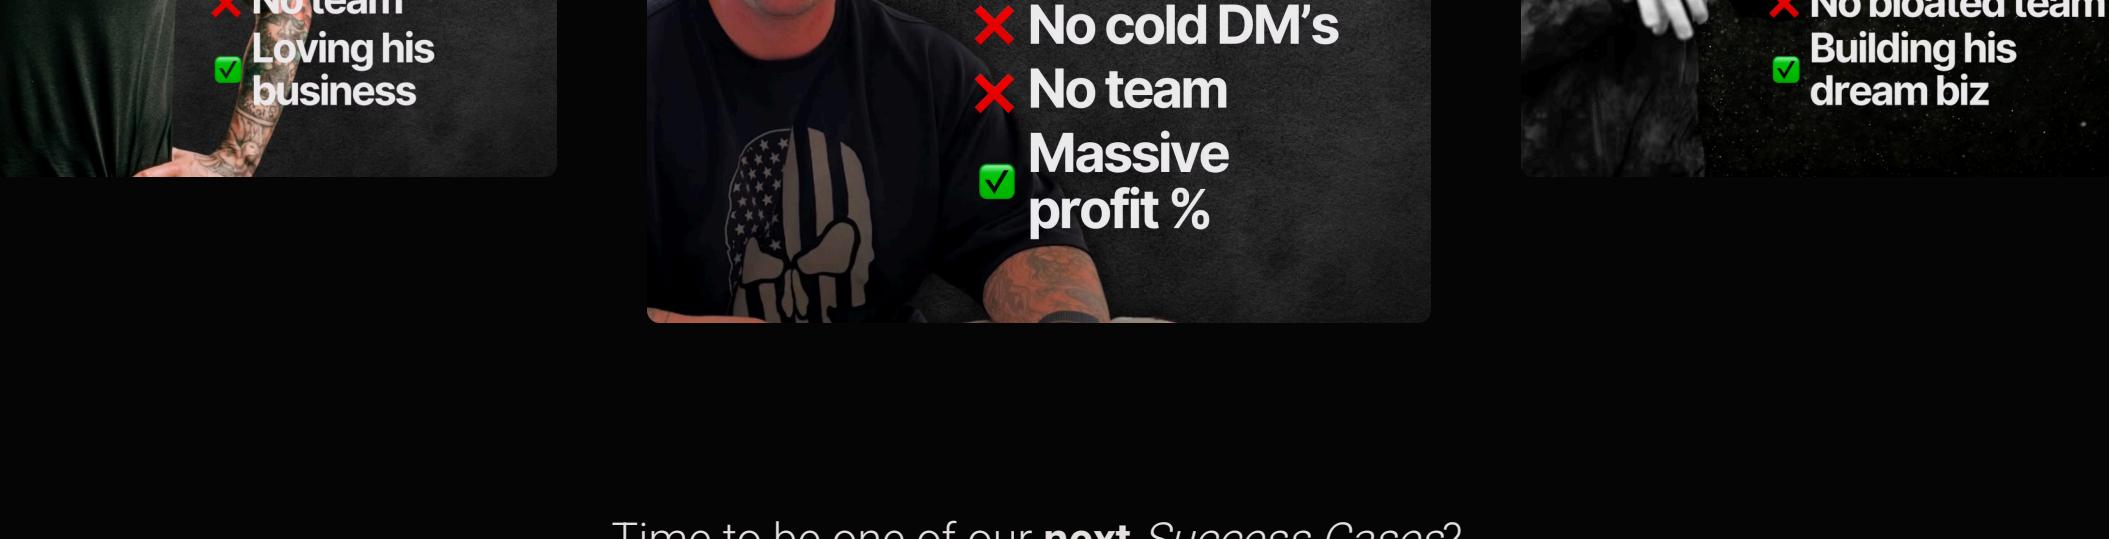

3. LEADS - Growth Tax Ads™

Alex Hormozai: "The power combo is organic following + run ads."

Sabri Suby (Shark Tank + \$7bn client sales): "But I would not rely purely on organic to build my business....you want to use organic to fuel the paid engine."

So two of the biggest internet marketers of all time are telling you *the exact same thing*.

Build an organic foundation, then run ads.

Simple scales, **complex** fails.

Lead generation should and CAN be **simple** - our cheat code is running a single ad that acts as a beacon to your dream high-ticket clients.

We'll grow your audience and fill your future pipeline at the same time by installing our **Coal For Your Contents Fire™ Protocol** into your business (we specialise on Instagram but this protocol can also be run on **LinkedIn**).

This is how we'll get you a steady *stream of high-quality leads* coming into your business 24-7 - people who are engaged and interested in what you've got to offer.

Outcome: automate lead generation so you're predictably and consistently bringing in perfect fit leads 24/7 with just one button click

Time to be one of our **next Success Cases**!

Sold a 6 month plan today for £1100 and all cash collected. Absolutely made up with this as this is the most I've ever charged and it was all down to the confidence I've gained from Remote Pro over the past few weeks 

Setting up these simple systems is the foundation of your **RemotePro™ Business** so both you and your clients stay happy and continue to pay you month over month.

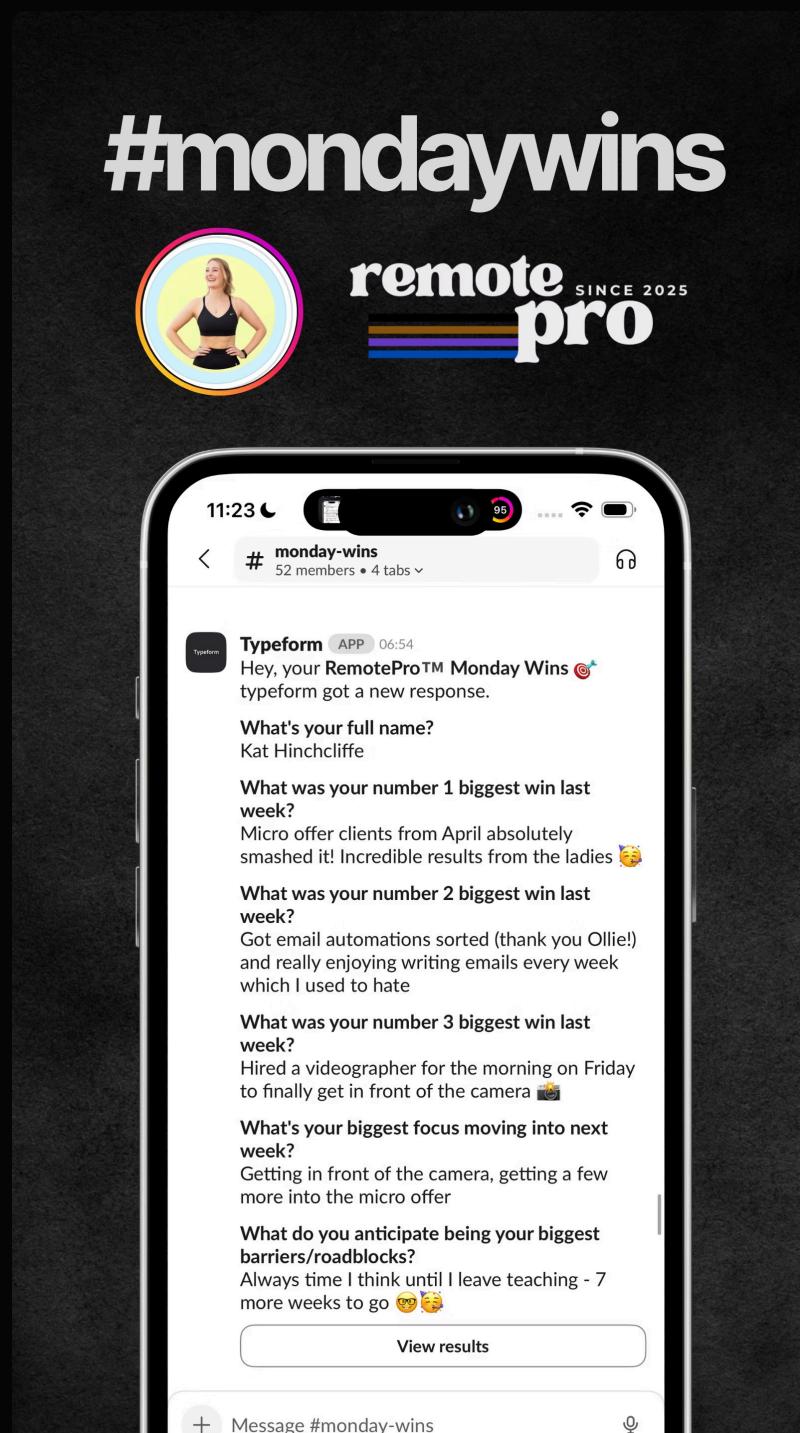

No more **revenue rollercoaster**.

Just a simple set of systems that *cashflow you a predictable **\$20k+ each month***.

I really want to create some *GREAT* new **case studies**, so as part of this **RemotePro™ summer accelerator Group** I'll work closely with you over the next 6 weeks to turn your business into a banger success story, even better than the many success stories we've created over the past year.

I'm ready to get started right away...and I'm inviting you to *join the **Case Study Group** this month.*

Here's the **timeline** to expect....

Mark Davies 12:48

Hey man, just taken £3.5k in 2 week being on this program. Loving the process so far. Really love the idea of building something great.
Thanks man

Ollie Carson 15:06

So sick mate. Build the product. The marketing will take care of itself 🚀 🤘

The Timeline?

July
17

This is a 1 year long coaching and mentoring program

Phase 1: (weeks 1-2)

We start with a **start here module** that brings you up to speed and explains how everything works before booking in your Kick-Off call with Ollie to give you extreme clarity on the next steps. We'll start to build out:

- Your **Micro Offer Stack™** and *Offer Document (like this one)*
- Your Personalised **Growth Implementation Roadmap** for the next 6 weeks
- Your **Client Ecosystem™** Checklist - our simplified checklist that makes your success inevitable

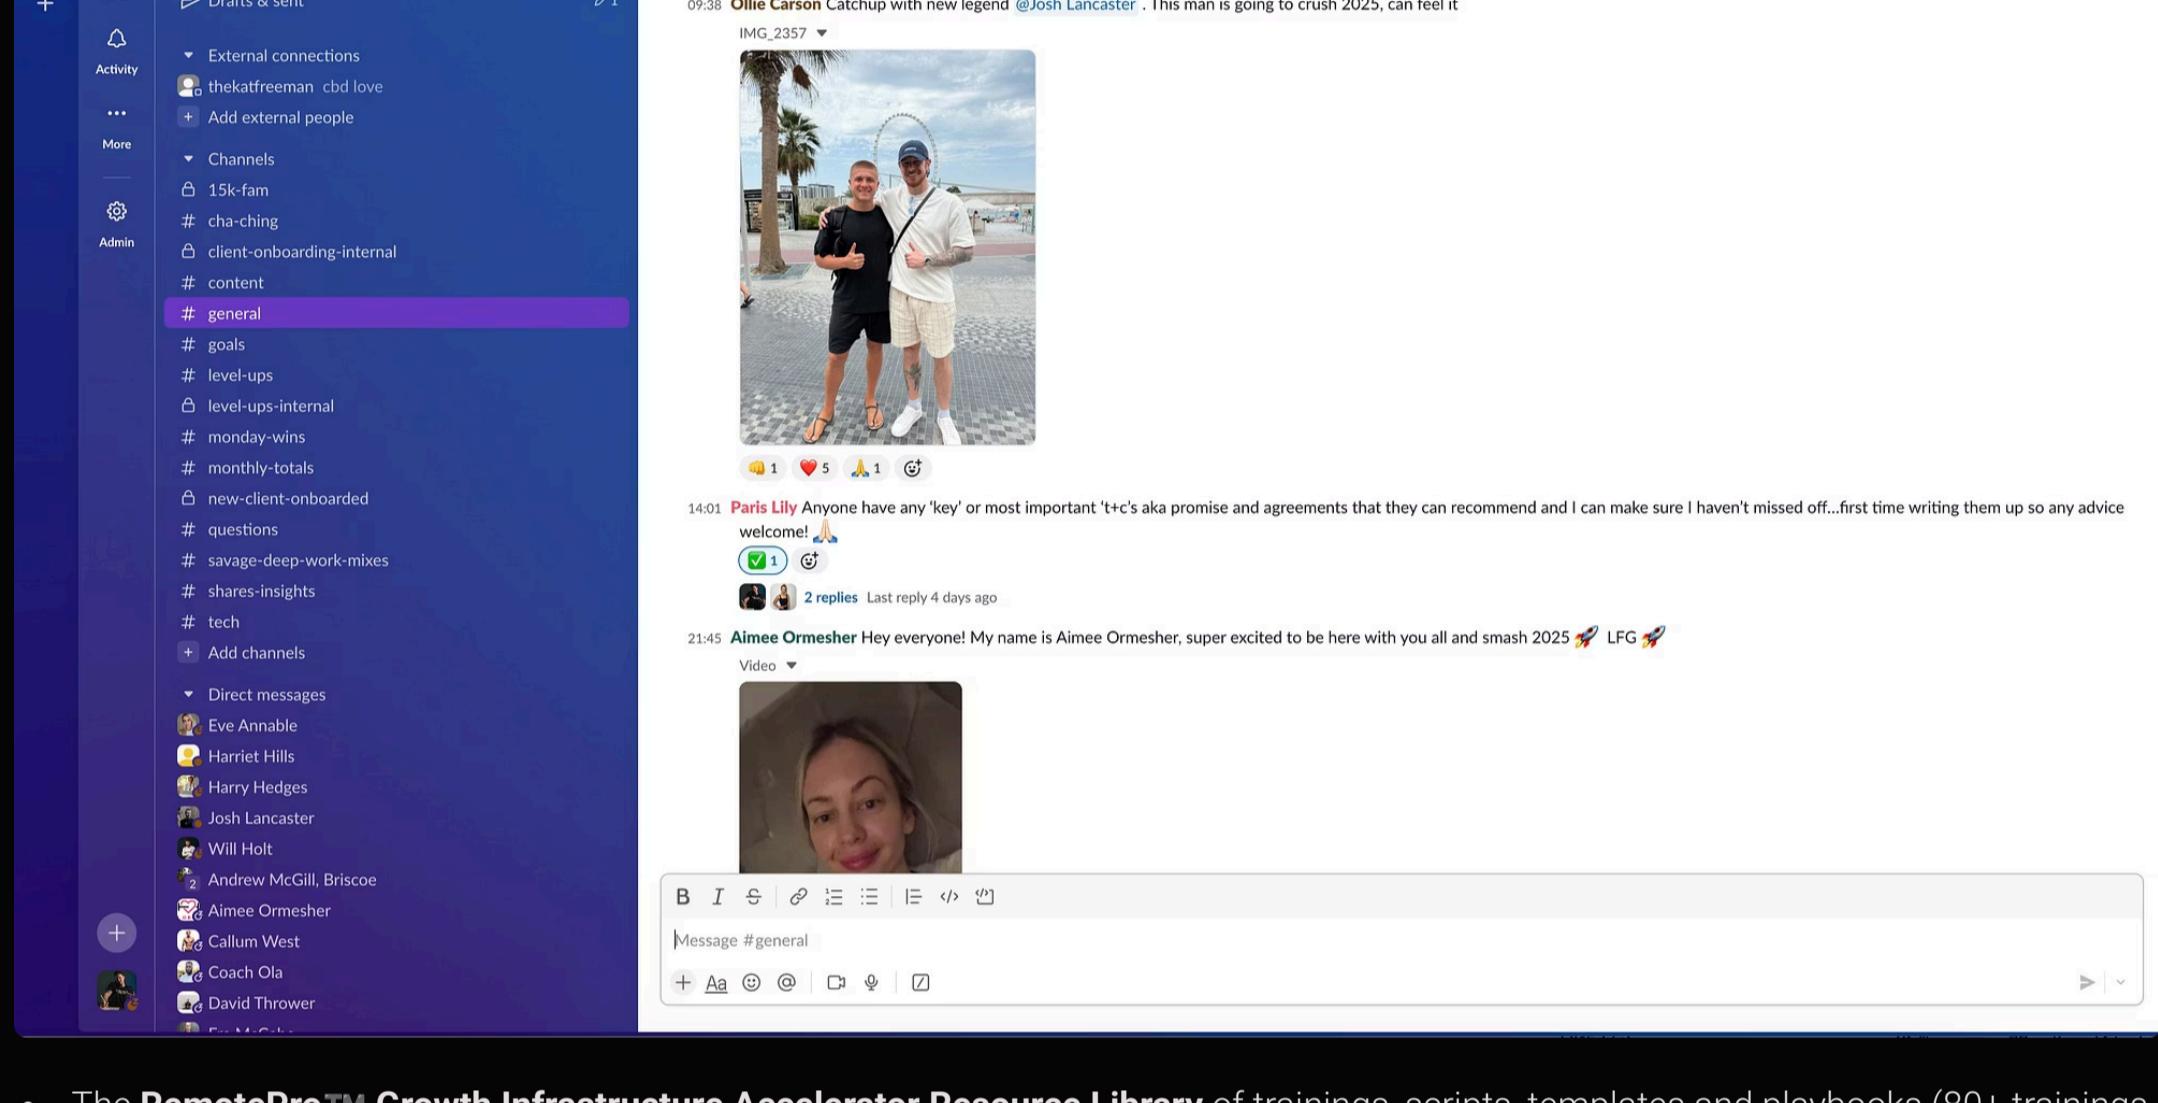

Phase 2: (weeks 2-16)

I'll work with you over the next 16 weeks to implement our entire **RemotePro™ Growth Protocol** to grow your personal brand and start stacking recurring revenue with your new **Micro offer Stack™**.

This is where the fun starts...because you will not be alone on this journey.

At every step of the way, you'll

- Become a **Founding Member** of our **Private Slack Community** of other ambitious **RemotePros™** building their dream micro-education businesses alongside you.

- The **RemotePro™ Growth Infrastructure Accelerator Resource Library** of trainings, scripts, templates and playbooks (80+ trainings + playbooks)
- **Weekly LIVE Workshops**, Masterclasses & Q&As with Ollie
- **Workshop Bank** of LIVE Masterclass Recordings

You'll be surrounded by a *community of like-minded entrepreneurs* driving each other forward, celebrating wins together and troubleshooting **so you never feel stuck**.

Phase 3: (weeks 16-52)

This phase is where the true magic happens.

Your **RemotePro™** Business is built - it's now time to test, refine and scale the machine to wherever you want to take it.

We'll *track simple KPIs* to monitor the progression of your growth, and give you clarity on exactly where you need to focus your energy.

It's the phase where you turn your business into a *Freedom Creation Machine*. This is where you get into a rhythm serving your clients that in return feeds your dream lifestyle.

Here's how hard **easy** it will be.....

The Effort?

How **easy** is this going to be?

In our **RemotePro™** community we *choose to look at things differently*.

Instead of using words like *hard, challenging* and *grind*...

We use words like **easy, effortless, flow** and **fun**.

Does that mean you *won't have to do the work*?

No, unlike other coaches I'm not going to tell you there isn't plenty of work to get done.

*A huge amount of energy is required to get a plane to take off....much less is required to **keep it in the air**.*

Anything worth doing takes work.

That's why we get the **BIG rewards**.

But we just decide to re-label work as **fun, easy** and **effortless** by tapping into **flow** states.

The more you implement, the *more traction we'll get together*.

I want to be sure you have *3-5 hours/week* to dedicate this over the next few months.

BUT

If you put in the work....

by the end of the 12 months, you'll be pulling in more money than you ever have in your life.

If that sounds like too much, then this isn't going to be for you.

Fair enough?

Ask yourself....

*"what is it worth to **learn the skills** to make over \$240,000+ per year?"*

The intended **outcome** for the year is that you *more than 10x your investment*.

"I can't afford it...."

My path has been paved by **"stretch investments"** ever since investing in my first coach 7 years ago when I sold my Gym and went online.

You need to ask yourself if this investment is a:

① **Stress Investment** - if it's going to keep you up at night...*don't do it.*

or a

Stretch Investment - something that *stretches* you and forces you to level up.

Every investment I've made in myself, I could have easily said "*I can't afford it*" - but *I figured out a way to make it happen anyway*.

Like **Naval Ravikant** said - "*I'm here to play long term games with long term people*", so....

I want to be *transparent with my intentions* - most coaches just work with people for just a few months, and that's why most coaches get *average results*.

I want you to get **ELITE** results.

And my best clients have worked with me for over a year.

So I'm *different....*

I want to work with you for **YEARS**.

But first...we start with **one year** of full throttled ALL-IN!

Looking for *more support?*

Our Guarantee

We're proud to offer a guarantee that is frankly *really uncommon in the online education space*.

Our guarantee is **simple**, and it's backed by all the incredible results, case studies and testimonials we've collected and you can find on my YouTube channel and on Instagram.

Our guarantee at **RemotePro™** is that *if you don't do the work, you won't get the outcome*.

Fair enough?

The people I work with are **operators** and they know there are *no guarantees in life or business* except the fact that it's on their shoulders to make it happen.

I've NEVER expected a guarantee with mentors and coaches I've invested in.

People that need a guarantee are looking for *someone else to save them*.

You don't strike me as that kind of person, though, right?

Here's how to *apply* for **RemotePro™** or my **1-1 Inner Circle**...

How To Apply To Join RemotePro™

Step 1: Draw a line in the sand and commit to *going all-in* on becoming a **RemotePro™**

Step 2: Checkout via the payment link

Step 3: We'll get you enrolled and set up in the community
